

CHORD

"The chord of a wing is hidden,
load-bearing, and invisible.
Without it, nothing holds."

Sliding
Window System

CHORD sliding-window series represents the pinnacle of precision engineering and architectural refinement. Crafted with ultra-slim sashes and razor-thin sightlines, it maximizes glass for uninterrupted views. Rigorously tested for flawless performance and structural integrity, CHORD arrives securely boxed for easy handling and flexible installation. Without compromising on uncompromising quality.

CHORD Sliding Window System includes the range of premium quality window system;
